## Sterile Medication Labels

In Stock Standard Labels

### Go PAPERLESS!!!

PharmaTags are printed on synthetic label stock, not paper based labels which can absorb water when wet and break apart. **100% Guaranteed never to break apart or leave adhesive residue on your solution bowls, basins or medicine cups!!!** Removes in 1 piece... Always.

**Custom Design Your Labels: No Charge**

Add “M “ to an item # to include our permanent waterproof marking pen in your label kits. Example: PT01-M is PT01 with permanent, waterproof marker.
